WE ARE **PROUD** TO SUPPLY

At the Menu Shop we value all of our customer's from the local café right up to nationwide restaurant chains, and we pride ourselves in giving every client the same exceptional customer service and individual attention. Furthermore, we deal with bespoke requests on a daily basis and work tirelessly to develop solutions and new products no matter how large or small.

Over the last 15 years we have developed business relationships with some of the leading names in hospitality and we are proud to continue to supply and be associated with them. We have produced both stock and bespoke products for our customers, delivering exceptional products and unrivalled service.

Customer Spotlight: Carnival, Cunard & P&O

In 2008 we were first contacted by Carnival to create menu solutions for their cruise ships and have since developed over 50 bespoke products for them. We are extremely proud that our products feature in some of the most exclusive restaurants in their fleet, including the Queen's and Princess Grill, aboard the luxurious **Queen Elizabeth**. In 2009 we developed a luxurious real leather menu to match the exclusivity and fine dining experienced at **The White Room** by Marco Pierre White aboard the Ventura. We also provide the deck menus used by P&O throughout their extensive fleet as well as various table accessories and placemats. More recently we have developed ingenious acrylic menu holders for their exclusive Gin Bar and a new bespoke fixing option on our Titan Engraved Menus. So, if you are ever aboard a P&O cruise ship a Menu Shop product is likely to be close at hand.

OUR ORDERING PROCESS

1. Send us your information
(Design, logo, name and ideas)

2. Receive a selection of proofs

3. Approve selected proof

4. Production and delivery

The majority of our products can be personalised using various techniques, each one giving a different impression of the final product. We pride ourselves on recreating your logos and ideas onto our products and offer industry leading delivery times while keeping our artwork fees at a low cost. Samples are available of all of our personalisation options and our dedicated sales advisors strive to help you find the right product for your establishment. We also offer standard titles such as 'Menu' and 'Guest Information' free of charge which can also speed up the manufacturing process.

THE DESIGN TEAM

Here at the Menushop we have a group of experienced designers and artworkers who are always on hand to help you find the right design for your business. Whether it is a fresh new logo you're looking for or a dramatic full colour design, we can help make your ideas a reality.

We will always do our utmost to make sure you are completely happy with the result and as our busy studio is located on site the same sales and graphics team can oversee your order to completion.

The very best thing about this service is that it is included in your one off personalisation charge. We don't overcharge and we don't hide charges. On very rare occasions we may need to charge a little more if your logo requires extra work but we would always speak to you first and gain approval before commencing work. As always customer satisfaction is our priority.
